DETAILED ACTION

This Office Action is a reply to the Paper filed 8 December 2005 in response to the Non-Final Office Action mailed 8 September 2005. Claims 5, 10, 14, 51-54, 65, 67 and 69-76 were considered in the 8 September Office Action. Claims 67, 70, 71 and 73-76 were canceled and claims 5, 10, 51, 54, 65 and 69 were amended in the 8 December Paper. Claims 5, 10, 14, 51-54, 65, 69 and 72 are pending and under consideration.

Response to Amendment and Arguments

Rejection of claims 67, 70, 71 and 73-76 is rendered moot by the cancellation thereof.

Specification

The specification stands objected to under 35 U.S.C. 132 for the reasons set forth in the previous Office Actions regarding the lack of support for SEQ ID NO: 19 in the originally filed disclosure. Applicant's arguments with regard to support for the generic sequence set forth as SEQ ID NO: 18 are persuasive. However, for the reasons stated in the previous Office Actions, the specification does not contain explicit or implicit support for the sequence TTCTTTTTTCTCTTCNYAGG (SEQ ID NO: 19).

In response to the objection, Applicant has filed an amendment to the specification which states "Please cancel SEQ ID NO: 19". However, the 8 December Paper does not include an amendment to remove the sequence added by amendment to paragraph 0093 in the Paper filed 23 January 2005, nor does it include a substitute sequence listing and CRF that does not contain SEQ ID NO: 19. In the absence of these amendments, the meaning of Applicant's instruction to

Art Unit: 1636

“cancel SEQ ID NO: 19” is unclear. Nevertheless, so long as the specification and sequence listing contain the sequence set forth in the amendment as SEQ ID NO: 19, the specification will stand objected to as containing new matter.

Claim Rejections - 35 USC § 112

Rejection of claims 5, 10, 14, 51-54, 65, 69 and 72 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement is withdrawn in view of the amendments to the claims and Applicant’s arguments.

Claim Rejections - 35 USC § 103

Rejection of claims 5 under 35 U.S.C. 103(a) as being unpatentable over either one of Mascarenhas (IDS #CS) or Petitsclerc (1995) *J. Biotechnol* 40:169-178 in view of any one of Mulvihill et al. (IDS #AC), Carrano et al. (IDS AD) or Ligon et al. (IDS AE); rejection of claims 10 and 51 under 35 U.S.C. 103(a) as being unpatentable over Mascarenhas or Petitsclerc in view of Mulvihill, Carrano or Ligon, as applied to claim 1 above and in further view of Zitvogel; and rejection of claim 14 under 35 U.S.C. 103(a) as being unpatentable over Dirks et al. (IDS #CT) in view of Rautmann and Breathnach (1985) *Nature* 315:169-178 is withdrawn in view of the amendments to the claims.

New Grounds Necessitated by Amendment

Art Unit: 1636

Claim Objections

Claim 65 is objected to because of the following informalities: The claim has been amended to remove the sequence identifier for SEQ ID NO: 18. "Where the description or claims of a patent application discuss a sequence that is set forth in the 'Sequence Listing' in accordance with paragraph (c) of this section, reference must be made to the sequence by use of the sequence identifier, preceded by 'SEQ ID NO:' in the text of the description or claims, even if the sequence is also embedded in the text of the description or claims of the patent application" 37 C.F.R. 1.821(d).

Allowable Subject Matter

Claims 5, 10, 14, 51-54, 69 and 72 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1636

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
